Dutch-speaking technical support specialist for automotive brand software

About the Company

Join a leading telematics provider and digital brand of Mercedes-Benz Trucks Europe. Cater to a diverse client base including logistic companies, dispatchers, and the own sales representatives.

Your Profile

- Proficient in Dutch with good command of English
- Skilled in basic computer operations, MS Office, and advanced software like Adobe, databases, CRM
- Independent problem-solver with a knack for troubleshooting
- Keen interest in GPS/localization technology and the automotive industry, particularly trucks
- Familiarity with logistics/supply chain management is highly beneficial

Your Responsibilities

- Address missing or incorrect data in Fleetboard systems (GPS locations, driver data, scheduled maintenance, fuel consumption, etc.)
- Troubleshoot Fleetboard service malfunctions (localization, truck data, driver performance, etc.)
- Provide technical support for telematic software and hardware

Benefits

- Competitive salary with a potential performance bonus
- Full support for relocation to Greece, including all associated costs
- Health benefits and various discounts
- Access to fully paid training and certification programs
- Career development opportunities within a large, multinational company
- Participation in special events, community, and social initiatives
- Free online Greek language courses
- A dynamic work environment with state-of-the-art facilities

Take this unique opportunity to work from the comfort, contributing to a leading brand in the automotive and logistics industry. Apply now and drive your career forward!
