About Entersoft:

We are Entersoft Group of companies, leading business software and services provider in South East Europe and the Middle East offering a comprehensive and integrated business software suite with ERP, CRM, Retail, WMS, Mobile, e-Commerce and B.I. applications.

Our **mission** is to provide constantly innovative and effective full range integrated Enterprise Applications along with high quality services and support our customers to ensure optimized efficiency. With more than 20 years of experience, 4.000 customers and 500 employees, we continuously invest in advanced technologies and professional development of our people to ensure maximum efficiency and long-term collaborations.

We are expanding our Group Systems and Networks team with **Senior Systems Engineer** and we are looking for enthusiast professionals for the role.

About the Role:

Lead the day-to-day operational support for server, storage, network, and cloud infrastructures

Lead and deliver complex network and service architecture, design strategies and standards

Participate in the process of continuous improvement of the system and software infrastructure

Be responsible for the remediation of system incidents.

Review existing architecture, design strategies, standards, and processes to highlight more efficient ways to complete existing workload more effectively

Provision and deploy complex systems and platforms

Design and implement business continuity and disaster recovery processes

Perform complex software and operating system upgrades

Design and implement network segmentation in a highly complex environment

Lead efforts to design, & implement core network & security technologies in datacenter and cloud (Azure/AWS) environments

Document procedures and troubleshooting procedures related to systems/networks software and hardware

Ability to travel abroad

Requirements:

Bachelor's degree in computer engineering, information systems, or a similar field

A minimum of 5 years' experience as a systems and networks engineer

Strong analytical thinking and problem-solving abilities

Self-motivated and able to work well under pressure

Microsoft certified candidates may be preferred

Previous employment in major Information Technology companies will be an advantage

Fluent English language

Team management skills

MS Domain/Server technologies

MS Virtualization technologies

MS Azure and AWS cloud platform technologies

Networking/Firewalling technologies

Information Security and ISO27001 security controls knowledge

What we offer:

For the right talent that want to be part of our innovation-driven environment and high-performance culture, our offering includes:

Competitive remuneration package

Private health insurance plan

Free use of company bus

Training and development opportunities

A positive and supportive working environment

How to apply:

If you are interested in this career opportunity, then we are eager to get to know you! All applicants will be treated in strict confidence.

To apply for this role please send your CV at jobs@entersoft.gr.
